dolor vomitus nausea sitis ob vapores putridos ascendentes
et ob vigilias nam dolor somnum interpellat alvi stipatio vel secessus
Dolor colicus et Nephriticus ita distinguuntur dolor colicus est ingens Ne-
phriticus gravans colicus est intensior Nephrit: remissior renes dolent
membrana vero a [illegible] et vasis impletis parte carnosa minus do-
lent colicus est latior Nephr: angustior nam renes angustum
locum intestina amplum occupant colicus dolor est in anteriore parte
ventris magis quam in posteriori Nephr: in posteriori magis dolor colicus
invadit repente Nephr: est tardius nam lapis non cito gignitur deinde
lapis non cruciat omni tempore donec [illegible] incipit fluere a [illegible] partes
ingravescit colicus magis quam Nephr: nam ventriculus repletus
cibo [illegible] vel clystere colon comprimit Nephr: mitescit statim
post cibum nam cibi portio tenuior et aquosior [illegible] ad renes fertur
in anodinum obtinet colicus dolor est magis [illegible] Nephr: gravis
in dolore colico vehementior est vomitus nausea alvi stipatio
quia ad ventriculum magis [illegible] intestina in Nephr: maior dorsi
dolor et crurum stupor et [illegible] flectendi [illegible] [illegible] dorso
cruribus magis [illegible] Nephr: dolor [illegible] ex arenulis calculo
vel exeunte vel locum mutante et crurum stupore [illegible] si invadet
indicat colicum quod post vomitum [illegible] accedit ita Nephr: accedit
[illegible] post calculi vel sabuli vel lotii crassi mictionem [illegible] differt
ab illiaco vel ileo [illegible] dicto illiacus est [illegible] tum [illegible]
