PROOEMIVM.

Si omnes morbi mani-
festi essent, vt sensi-
bus deprehendi pos-
sent, minime opus fo-
ret, vt symptomatum
haberemus rationem, illis enim cu-
ratis, hæc sponte cessant.

Nec obstat, quod symptomata
quædam, morbo manifesto ablato,
tamen remaneant. Nam & hæc
minime sine morbo persistunt, sed
ab alio, quem prior effecit, sæpe ta-
men latitante, dependent.
