De ratione saltus

Lunae uelocitas saltum [illegible] ba. Unde [illegible] luna primum mensis [illegible] et per cursus lunae in primum [illegible] saltus accidit in primo anno et ipso [illegible] quia [illegible] et horae primae mensis luna accidit in secundo anno [illegible] horae [illegible] illud [illegible]. Nam [illegible] lunae [illegible] horae et [illegible] quinta [illegible] horas [illegible] lunam [illegible] quinta [illegible] horas et nonadecima puncti [illegible] luna [illegible]. In [illegible] ultimo anno duas horas et duos punctos et nonadecim[illegible] puncti [illegible] luna accidit [illegible]. Completur [illegible] nonadecim anni xix horae et punctos et nonadecimum [illegible] puncti [illegible] habet [illegible].

Et sic completur lunae saltus. Videamus quid efficiunt adde iiii punctos de xix ad xix et xxiiii unius horae. Nam iiii puncti duas horas efficiunt et remanent xi puncti. adde iiii ad praedictum numerum et xiiii [illegible] horae remanent iii puncti adde ad hor[illegible] xxiiii [illegible] puncti nonae decimae [illegible] puncti. Nam unius puncti efficiunt et sic xxiiii horae [illegible] et lunae saltus [illegible] habet [illegible] cicli [illegible] cogit ut saltum faciat [illegible] primum lunae saltus [illegible] anni xix [illegible] xix xxiiii lunae [illegible] saltus [illegible] ....
