254.2 200.5 117.4 1880

Handwritten ledger page with a grid structure. The page is aged and shows signs of wear, including stains and a large 'X' mark drawn across the bottom half of the grid. The handwriting is faint and mostly illegible. The grid consists of approximately 10 columns and 20 rows. The left side of the page contains some faint, illegible text, possibly a header or list of entries. The right side of the page contains numerical data, likely representing financial or inventory records. A large 'X' is drawn across the bottom half of the grid, indicating that the data in this section is either crossed out or incomplete. The page is part of a book, as evidenced by the binding on the left edge.
